Hardeman, late Postmaster of Covington, has been indicted by the Federal Grand Jury for fraudulent manipulation of the Postoffice salary roll and expense account during its term of office. This is the result of petty spite work, and will amount to nothing, as the Captain will be able to explain to the satisfaction of a jury.

Hon. T. S. Newman, the patriotic Mayor of Ashland, by proclamation requests the business houses to close and all their citizens join in observing Memorial Day.

The Columbia Trust Company has declared a dividend of 10 per cent. to the depositors of the defunct Farmers' Bank of Mt. Sterling. The dividend is payable June 1st.

Omni Vires of Aberdeen was among the five or six hundred fired from the Government Printing Office at Washington. Uncle Sam's type must hereafter be set up by Democrats.

The General Assembly of the Southern Presbyterian Church, in session at Nashville, promptly squelched several efforts to put "politics" into the proceedings, tabling a memorial from the National Christian League for the Promotion of Social Purity, asking the condemnation of Col. W. C. P. Breckinridge.

For the first time in several years the expenses of the office of Superintendent of Public Instruction are being paid out of the School Fund instead of out of the General Expense Fund of the State Treasury. This is being done in accordance with the decision of the Franklin Circuit Court rendered at its recent term. Governor Brown, some time ago, indorsed direct accounts for that department as payable only out of the School Fund, but Auditor Norman put a different construction upon the law, and submitted the question to Attorney General Hendrick, who decided in favor of the Auditor.

SETTLED AT LAST.

First National of Covington vs. The D. Keefe Milling Co.

In the cases involving a settlement of the assigned estate of the late D. Keefe Milling Co., the attachment suit of the First National Bank being the leading one, a decision of considerable importance to the parties, and of some general interest here, was rendered in the Circuit Court at Covington yesterday.

Hon. W. E. Arthur presided by consent, the regular Judge of the Court debarred, because he was a stockholder in the Bank. The cases were under submission on exceptions to the Master's report. The exceptions to the report on allowances were overruled, and the allowances of \$1,800 to the assignee, B. F. Graziani, \$1,000 to A. S. Sherif O'Meara, and \$2,500 to the attorneys, J. P. Tarvin and W. W. Cleary, stand, the last named being divided in the proportions of \$2,500 to Tarvin and \$1,250 to Cleary.

But the Court diminishes the \$1,800 allowed to the assignee by \$850, paid by him to Tarvin as attorney in 1890, which the Court decides to have been unauthorized. The \$2,500 allowed to Tarvin is to be applied to the discharge of the \$2,500 loaned to him by then Sheriff O'Meara in 1890 and 1891, and O'Meara is ordered to collect the rest immediately, by suit or otherwise. The credits of this \$2,500 O'Meara is also refused credit for \$1,100 loaned to others, and the loan bonds turned over to the Master.

Collins & Tenley, attorneys for Isabella A. Keefe's executors, are allowed \$500.

The claims of J. W. Miller, Jr., \$42 04, and C. P. Lang, \$21 07, are disallowed. The Bank is charged with the cost, down to last statement in 1890, which judgment appealed from and after that down to the filing of the mandate, except \$300, the necessary cost of keeping the attached property, and \$1,000 allowed to the Sheriff.

It is needless to say that the parties are not suffering from the above or far from happy.

The price for breaking the windows out of an Ashland saloon is fixed at \$3 and costs.

Paroxysms of whooping-cough sometimes cause the rupture of a blood vessel. Ayer's Cherry Pectoral gives instant relief.

Marshall Halstead, formerly of The Cincinnati Commercial Gazette, is now business manager of The Chicago Evening Ocean.

The travel to summer resorts in the East has begun over the C. and O., and in consequence the through trains are well filled.

The new schedule of the C. and O. is just the thing for the Lexington Division, as it enables you to ride through from Louisville in daylight to Huntington.

The Mitchell & O'Hare Hardware Company are prepared to furnish wire screen doors and windows of all sizes and designs, and are hand-painted and covered with the best wire cloth and fitted with the best spring hinge in the market. Write or call on them for prices.

NOT EVERY DAY.

A Most Fortunate Child With a Great "Grand" Record.

Jack Hancock of Bellevue was here attending the Epworth League last week. With him came his son Ed's wife and child, who are still here visiting relatives.

Now, this son's child is blessed with a series of living antecedents that few ever see.

Mr. and Mrs. Edward Hancock are the father and mother. Mr. and Mrs. Jack Hancock the grandfather and grandmother, Mr. and Mrs. J. W. Hancock the great-grandfather and great-grandmother, and Mrs. Jacob Outten the great-great-grandmother—all living, the latter in her 90th year.

Ed will be here Sunday to take his wife and baby home.

MORE ROOM NEEDED

To Carry On the Work That Has Already Been Started.

There are some people who can never see anything good come out of people who have done wrong and lived a bad life for some time.

These same people will not even encourage anyone who is trying to do something to get these people to live a better life.

When the Mission Sunday school was started they laughed at the idea and told those engaged in the work it would not be a success—that the people for whom it was intended would go for awhile, but soon get tired and quit. But that isn't so. The longer the Mission School runs the more people there are who attend and are interested.

But there are several other branches of work now going on that our people know nothing of.

But few people know of the grand work that is being done in the First Ward in the way of mission work.

On Monday and Tuesday nights a cottage prayer-meeting is held, and there are from 75 to 150 in attendance at each meeting.

Last night the meeting was held at the residence of William Setters on Short street, and about 120 were in attendance, showing these people are interested in themselves, last and are willing to do almost anything to lead better lives.

At the meeting last night there were about twenty conversions, and at every meeting yet held the same is true.

But what is better still, these same people are now found in church on Sunday instead of going fishing or playing ball or some other game on that day.

Now, what is needed is room, a room large enough to accommodate the crowd that attend these prayer-meetings, the rooms of the good people's residences being not only full, but overflowing.

There are just any number of places empty or not used of a night that could be given for this grand work, but the ones engaged in this have been unable thus far to secure a place.

The greatest obstacle in the way is the fact that but very few of these people can read, and there has been opened in addition to the above a night school for the purpose of educating them.

Now who will say they are not in favor of home missions carried on this way? Most teachers are needed, and more money to buy books and other necessities to carry on this good work, and it is to be hoped these good missionaries will succeed in getting a suitable room large enough in which to hold these prayer-meetings and carry on the grand and noble work already begun.

Some of the best ladies of our city are engaged in this work, and if the people think they are not doing a good work and just let them attend one of these prayer-meetings, and they are sure they will change their minds.

There will be, before another week passes, a Bible in every house in the West End that has none, so that the ladies can do to the homes and teach there through the day.

Now, won't the good people who have the means and time and influence use them in the interest of home missions and fallen humanity, and help those in the work already going on in our city?

Remember, these people are here to stay, and if we do not then say good let's do it, as it is our duty.

THEY'RE WIDE AWAKE.

Republican State Committee Meets in Danville—Rules Revised.

One of the most important meetings in the history of the present Republican State Central Committee was that held in Danville Thursday afternoon.

There were present Chairman John W. Yerkes, Secretary William E. Riley, David G. Colson, Dr. Benjamin Lecher, D. N. Conington and Tom L. Walker, proxy for R. A. Haskin, R. D. Hill and W. J. Deboe were also represented by proxies.

Business of the greatest importance, covering several questions of vital interest not only to Republicans but to all of the people of the state, was taken up and disposed of.

There was a rattling of dry bones when work is begun on the lines mapped out by the committee.

After disposing of the secret work the committee took up and made a thorough revision of the rules of the Republican organization of Kentucky, making several important changes in the same. These rules will be printed in a pamphlet at once and distributed to the County Committees throughout the state.

It is not generally known that of the nine states in the Union in which the Republicans are governed by rules of organization, etc., seven were modeled after the rules of the Republican party of Kentucky, the Republicans of this state being the first to adopt uniform rules and laws.

The members of the committee are wide awake to the situation, and will use that organization to promote victory in the elections this fall, as well as get the party in condition for the great contest next year.

Home-Seekers' Excursion.

On May 29th the Baltimore and Ohio Southwestern Railway will sell excursion tickets to Home-Seekers to ports in Missouri, Arkansas, Kansas, Indian Territory, Oklahoma, Texas, New Mexico, Colorado, Utah, Wyoming, Idaho, Montana, Nebraska, North Dakota, South Dakota, Manitoba, Minnesota and Iowa. Tickets will be good to return within thirty days, and will permit liberal stop-over privileges. This will afford an excellent chance for all who are contemplating going West to do so at a minimum cost. As a good beginning incurs a good ending, it will cause the Baltimore and Ohio Southwestern to be the route over which the trip is begun.

THE SWAGGER TARIFF.

I am the Swagger Tariff!
My amendments
Number 400;
And what is
400?
But swagger?
And what is swagger?
But swell?
And swell,
If not 400?
I'm no, Wilson Bill,
Nor Gorman, nor Brier,
Nor much,
And Democratic?
Well, I don't think,
Is the 400
Democratic?
Not by a d. s.
And am I not
By and with the
Advice and consent
Of the Senate,
Made the very
Corner stone
Of the 400?
I guess yes,
And what is
Democratic?
Has better stand from under,
That's what.
I am the but
Of the wheel 400;
And should I stand
Upon a Democratic platform,
And acknowledge
I mean to be Democratic?
Not in a thousand years.
Go get 'ya to a fumery
If you think I'd joke thus with myself,
M. R.
The only
Genuine, exclusive
Swagger Tariff!

Announcement.

Yielding to the wishes of friends in many quarters of the Ninth Congressional District, I have concluded to submit my name as a candidate for the nomination for Congress, subject to the will of the Republican Convention to be held at Augusta June 12th.

THOMAS A. DAVIS.
Mayville, Ky., May 18th, 1894.

Among the curses of the Sherman Law and the McKinley Tariff was the snow storm of Sunday morning.

Every manufacturing town should petition Congress to reduce GROVER CLEVELAND's salary to \$25,000 a year and to defer action on the Tariff Bill until after the fall elections.

The Editor of THE PUBLIC LEDGER announced himself as a candidate for the Republican nomination for Congress Saturday. And that night it snowed—Believe.

Thanks, awfully; and that is the best thing you ever said—even if it wasn't original.

THESE ARE NOT THE LEDGER'S "CROKS." They are simply "howls" from the industries and workmen that were promised such prosperity—when Mr. CLEVELAND and the Democratic party got into power.

McKENNA, Pa., May 15th.—The National Tube Works has shut down, the 3,300 employees having struck for a restoration of the 20 per cent. reduction in wages made in February.

NEW BRUNSWICK, May 15th.—The New Jersey Rubber Shoe Company, a branch of the United States Rubber Company of this city, will resume work today, after a shut down of six weeks. About 700 operatives are employed and the enforced idleness has been severely felt.

FALL RIVER, May 11th.—The following notice was posted in the Barnaby Gingham Mills today:

To Our Employees: Owing to the imbecile position taken by the present Administration at Washington, and the idiotic legislation now going on in Congress, the result of which you are perfectly familiar with, these works will shut down on May 15th, 1894. S. B. ARLEY.

The Barnaby Mills employ 400 hands and have a weekly payroll of \$3,000.

[To be continued throughout the entire existence of this Democratic-British-Free-trade-Administration.]

REPUBLICAN Protection is as National as the flag and as impartial as the sunlight. It oppresses none and opens the gate of opportunity for all. It guards the interests of the South as carefully as those of the North; it gives the sheep grower and best raiser of the Western prairies the same defense as the woolen manufacturer and the sugar refiner of the East. The nondescript thing of shreds and patches now before the Senate is a sham and a lie. Condemned by Republicans, despised by honest Democrats, polluted with fraud and tainted with sectional hatred, it has no real friends in the Senate but purchased ones, and its death would be hailed with delight from New York to Oregon. No Northern and no Western Senator can support this iniquitous scheme of injustice, of robbery and of destruction without confessing himself a traitor to the interests of his constituents and an enemy to prosperity of his country. No bill which plunders the people by putting an unjustifiable price upon the necessities of life, which destroys the wool, the salt and the lumber interests of the North and which reduces the wages of Northern workmen to the pauper level, can be allowed to pass the Senate of the United States.

The recent disastrous earthquake in Venezuela is directly traceable to the McKinley Tariff. Just why the Democrats don't repeal it, as they promised to do, is beyond comprehension.

If the Wilson Bill is responsible for the hard times, the Democratic party is to blame for inflicting it. If, on the other hand, the Wilson Bill is the remedy for hard times, the Democratic party is to blame for not promptly administering it. There is no possibility for the "Tariff Reform" party to escape popular condemnation.

UNDERTAKERS COMPLAINING.

In Indiana They Say Business Was Never Known to Be So Dull.
INDIANAPOLIS, May 16th.—The Indiana Funeral Directors' Association is having its annual meeting here. The membership is 250 out of 500 in the business in Indiana. The membership complain of dull business, saying the death rate was never so low.

We knew the times were phenomenally bad; but never expected to live to see the day when people couldn't afford to die—even under a Democratic Administration as bad as this one is. Next.
